Letter to Investors: ISA Mortgage Plans

3 December 2009

Dear Sirs

Recovery and Reorganisation

Grant Thornton UK LLP
30 Finsbury Square
London EC2P 2YU

NDF Administration Limited - In Administration (the Company) ISA Mortgage Plans

As you are aware, Martin Ellis and I were appointed as joint administrators of the Company on 14 October 2009. I now write with more specific details concerning your investment.

Your investment should not have been affected by the insolvency of the Company and any insurance covers which your plan benefits from continue to remain in place. Investors do not need to take any action.

Following my appointment, the Company's bank accounts were frozen whilst I complied with certain Financial Services Authority (FSA) rules governing client monies. I am pleased to confirm that following a full reconciliation of client monies, during which no discrepancies or omissions were noted, the plans, with the consent of the FSA, can now be managed as normal.

Certain processes, which had been temporarily suspended following my appointment, have now been re-instated. These include, but are not limited to, direct debit transfers, associated investments in unit trusts, investment trusts and open ended investment companies and the return of monies in respect of any plan redemptions. All processes are carried out in accordance with the same terms and conditions that existed prior to the commencement of the administration on 14 October 2009.

You should be aware that the cancellation of any direct debits may result in the cessation of any insurance covers included in the plans. As such, before cancelling any direct debit subscription, you should take advice on this matter.

I am continuing to seek interest from parties who wish to take on the role of plan manager in respect of these plans going forward. In the meantime, the commissions deducted from your regular subscription, in accordance with the terms and conditions of your product, are sufficient to meet the ongoing administration cost of the plans. Therefore, the Company is capable of acting as plan manager for the time being under my supervision. I am confident that a longer term solution to the ongoing plan management and administration of these plans will be secured.
